Mr. Dave Keating, and the Inland and Watercourses Commission,

We are a state registered aquaculture farm (fish farm) since 2004 having a .10 acre pond since 1952

This Letter is to Notify the Commission of our intent to do maintenance on our pond conforming to state statute 22a-40 although this is not regulated by the commission per town wetland regulations (2.1 ii) all material and drainage will be contained on the property. We will use prudence and best practices conforming to the regulations.

Thank you,
Kurt Novak
