Subject: Zoning Board of Appeals Monthly Meeting

Hello Kerry McAndrew and the Zoning Board,

I am emailing you as a concerned Beacon Falls family. This is regarding the proposal to build 109 new homes in our town. As a family who has lived in Beacon Falls for almost 30 years we strongly oppose this new housing project. We urge the Zoning Board to turn down this proposal. We do not want these new homes to be built in our town. Since we are not able to attend this meeting in person I respectfully request that you take our concerns and the concerns of our fellow town residents into account before voting on this matter.

Regards,

Alexander Bloomingdale and Family
