RE: Release of April 2021 Cease and Correct Order- Chatfield Farms in Beacon Falls, CT

Mr. Oliveira,

At the April 27th Show Cause Hearing, the Inland Wetlands and Watercourses Commission reviewed the April 26th report and photographs from Ron Nault, PE and discussed their recent site observations. They noted that considerable improvements and correction had been completed and that the few remaining areas of concern were being addressed. They unanimously voted to release or lift the pending cease and correct order.

Thank you for your efforts to resolve this matter.

If you have any questions, please call me at (203) 841 9667. If I am not able to answer, please leave a message so I can return your call.

Sincerely,

David J. Keating
Wetlands Enforcement Officer
