Re: Park Trail Systems

Matthies Park

Public Works crew Steve Moffat, Jeff Kean and Jeff Mettendorf took on a three-day project to clear the Orange, Purple and Pink trails that equates to 1.1 miles. The trails are cleared to approximately 8-10 feet in width that allows access by emergency vehicles in the event of a fire or rescue. Outstanding job by all !!

Bob Egan and I met with the First Selectman on January 27th to review park issues/accomplishments and Matthies Signage project.

Rich Minnick and I met with the First Selectman on February 3rd to discuss park management, work to be accomplished and scheduled maintenance at all town parks.

Katharine Matthies Grant – Matthies Park Signage Project

P&R Commission and I meet periodically to determine the content of the postings that will be displayed at the six Message Centers.
