Re: Park Trail Systems

Matthies Park

- Trail map revised for 2020 and posted on town website under Parks & Recreation. Revised map file sent to Ever Ready Press; maps to be loaded into map box upon receipt of order.
- Blue & Orange trails remain closed; P.W. to determine when clearing will take place.
- I was able to contact (Lucas Karmazinas-Historic Preservation Consultant), contracted by the town in 2011 to create the narrative regarding the history of the Matthies family, Matthies Park and its acquisition. I have downloaded the 171 files-1.14 GB, and awaiting direction as to who or what departments/commissions should be in possession of these documents/photos. I would highly recommend that this file be protected as "Read Only" and under the control of one individual. Plans are to print portions of these files, and used as postings at the message centers.

Katharine Matthies Grant – Matthies Park Signage Project

The park main entry sign, directional sign, and six message centers have arrived and scheduled for installation in the spring timeframe. Quote from printer to print all postings presented to P&R Commission.

Town Website (Parks & Rec.)

Updated descriptions of town parks (Matthies, Toby's and Riverbend), which also included updated trail maps and specific satellite map for Riverbend and hyperlink for directions to all.
